SEEK // PREPARING THE NEXT GENERATION OF CAMP STAFF

Introduced in 2021, SEEK replaces our traditional CIT program with a three week program designed around targeted skill development and personal growth. Scouts ages 15 and 16 will work with our dedicated staff to hone the skills needed to be a great leader, both in camp and in their units. The SEEK program has its own staff, lives in it's own campsite, and has its own program specific uniforms, trips, and activities.

Care has been taken to provide a balance of both work and play. One day SEEK participants might be shadowing an area director and the next day camping out at Lake Roger!
